

MITOHEAL®

MitoHeal® is a proprietary blend of redcurrant and blackcurrant polyphenol with clinically proven efficacy on the beauty from within applications.

With only **500 mg/day MitoHeal** is able to support **skin rejuvenation, healthy hair and healthy nails.**

Thanks to the patented combination of select varieties of redcurrant and blackcurrant and its gentle extraction process, **MitoHeal®** can go beyond the well-established cardiovascular and metabolic health benefits common to polyphenols blends.

Key Facts

- plant based beauty from within
- patented combination of selected varieties of redcurrant and blackcurrant
- effective dosage 500 mg/day
- proprietary clean water extraction
- easily dispersible in liquids
- results in 30 days
- patented matrix-shield technology that protect polyphenols from oxidations and allows solubility

Applications

MitoHeal® extract is a flowable powder that mixes easily in water and is nearly flavorless. It works perfectly in capsules, tablets, powder mixes, gels, gummies and beverages.

Clinical Evidences – double blind placebo controlled study proving that 500mg of **Mitoheal®** once a day can provide the following **benefits**:

- Support healthy Hair, skin, nails
- Reduce fine lines and wrinkles
- Improve facial brown spots
- Improve skin coarseness
- Support Healthy Stress response
